COLLECT at the CTICC

Cape Town is Africa's most popular tourist destination and is hailed as one of the most beautiful cities in the world. Providing a taste of what the thriving Mother City has to offer, this tour is specifically **designed for visitors who have limited touring time.**

We'll visit places like the **Castle of Good Hope**, the oldest existing colonial building in South Africa built between 1666 and 1679 by the Dutch East India Company. West of the Castle is the **Cape Town City Hall**, a large Edwardian Building built in 1905. Nelson Mandela made his first public speech after his release from the balcony of this historic building.

Other places of interest include **St George's Cathedral**, the oldest cathedral in Southern Africa.

For a colourful experience we'll explore the **Bo Kaap** also known as the Malay quarter. This area is characterised by its multi-coloured cottages and steep cobbled streets, as well as its exotic Malay culture.

For those who enjoy a sense of history, the **South African Museum** offers a look at life throughout the ages in South Africa. Many exhibits can be found here. The museum is situated in the **Company Gardens**, which holds the Seat of Parliament. Pristine lawns, shady paths, ornate fish ponds, statues of past leaders and plenty of curious squirrels are just a part of the Company Gardens charm.

In addition, visitors have the option of ascending the majestic **Table Mountain**. One of the New 7 Wonders of Nature, Table Mountain forms a natural amphitheatre around the city which is what makes it unique, beautiful and dramatic! *(cable car fee not included & weather-permitting).*
